

## COVID Vaccinations-read more...

Are you a Veteran who is 85 years or older, enrolled at VAPAHCS and would like to receive the COVID-19 vaccine? We were able to open more clinics this week and have availability as early as tomorrow for Menlo Park and as early as Friday for Palo Alto! Please give us a call at (650) 496-2535.

This scheduling line is open from 8:00 am to 6:00 pm, and will only be able to schedule those who fall within this category!

We are happy to share that we are expanding vaccines to our Veterans! As shared in VFC, we have already vaccinated Veterans last month in high risk groups including inpatients in our Community Living Centers and Spinal Cord Injury and Disorder Center. We have also reached out to our homeless Veterans, dialysis, transplant patients, chemotherapy patients and just today began reaching out to Veterans over 85 years of age.

We have also created an external website, which will be updated frequently! <https://www.paloalto.va.gov/services/covid-19-vaccines.asp>

Thank you,

Laura C. Hutcheson  
Chief, Public Affairs
